# Our Privacy Policy

---

---

Your privacy is important to us. This privacy statement explains what personal data we collect from you and how we use it.

---

## What type of information is collected from you?

The personal information we collect might include your name, email address or IP address (a unique string of numbers that identifies each computer using the Internet Protocol to communicate over a network), and information regarding what pages are accessed and when.

## Website visitor tracking

Like many others, this website uses cookies. Cookies are small pieces of information sent by an organisation to your computer and stored on your hard drive to allow that website to recognise you when you visit. They collect statistical data about your browsing actions and patterns, but do not identify you as an individual. The tracking information allows us to better understand the kind of people who come to our website and what content they're reading. This allows us to make better decisions about the design and content of the site. This visitor tracking records:

- What website you came from to get here
- How long you stay for
- What kind of computer you're using
- Your IP address
- And quite a bit more

Occasionally, we will compile aggregate statistics about the number of visitors this site receives and browsers being used. No personally identifying data is included in this type of reporting. All this activity falls within the bounds of the [Google Analytics Terms of Service](#).

## Use of cookies

This website uses cookies to better the users experience while visiting the website. As required by legislation, where applicable this website uses a cookie control system, allowing the user to give explicit permission to the use of/saving of cookies on their computer/device. It is possible to switch off cookies by setting your browser preferences. Turning cookies off may result in a loss of functionality when using our website. You can find out more about cookies and how we use them in our Cookie Policy.

## Social media policy & usage

There may be instances where our website features social sharing buttons, which help share web content directly from web pages to the respective social media platforms. You use social sharing buttons at your own discretion and accept that doing so may publish content to your social media profile feed or page.

## Contact & communication with us

Users contacting us through this website do so at their own discretion and provide any such personal details requested at their own risk. Your personal information is kept private and stored securely until a time it is no longer required or has no further use.

## Links to other websites

Our website may contain links to other websites run by other organisations. This privacy policy applies only to our website, so we encourage you to read the privacy statements on the other websites you visit. We cannot be responsible for the privacy policies and practices of other sites, even if you access them using links from our website.
